Cross-Curricular Exhibition (CCE) Grades 3- 5

Dear Parents,

We are excited to announce our upcoming Cross-Curricular Exhibition for Grades 3 to 5, themed '**Sustainovation – Where Innovation Meets Ecological Responsibility**'. The CCE founded on the problem-based learning approach focuses on finding innovative solutions for some of the most pressing local and global issues using the Design Thinking Process. The students were introduced to different problem scenarios through provocations and were encouraged to **Empathize** with the presented scenario, **Define** the problem, **Ideate** solutions, **Create** and **Test** their **Prototypes**.

This exhibition explores the intersection of creativity and sustainability, showcasing how innovation can drive ecological responsibility. Aligned with the UN Sustainable Development Goals, this event emphasizes the importance of balancing human progress with environmental stewardship. Through hands-on projects and collaborative explorations, our young learners have embraced the challenge of thinking creatively while remaining mindful of our natural world.

Below are the scheduled date and time to view the exhibition in the **auditorium (Primary School)**:

Grade	Section	Date	Time Slot
Grade 3	A to T	25.09.24	8.15 a.m. to 12.00 noon
Grade 4	A to K	25.09.24	
Grade 4	L to T	26.09.24	
Grade 5	A to S	26.09.24	

As the CCE exhibition is an integration of all forms of expression, you will get an opportunity to witness performances by students of Grades 3 to 5 at the given time slots on both the days.
