Dear Parents,

We are thrilled to announce the Grade 5 Annual Concert, '**Chronicles: From Stone to Silicon – The Human Saga**'. This theatrical journey will take the audience through the evolution of humanity, from the Stone Age to the modern digital era of silicon-driven technology.

The performance will highlight key moments in history, from the invention of stone tools and the rise of agriculture to the industrial revolutions and the dawn of computers, culminating in the age of artificial intelligence. The play will beautifully showcase how each era has shaped society, emphasizing the enduring connection between humanity's past and its ever-evolving future.

We are delighted to involve our students, either through acting, singing, dancing, or supporting in various scenes.
