

**KINDERGARTEN REGGIO INSPIRED EXHIBITION**

Dear Parents,

We are delighted to invite you to our upcoming Reggio-inspired kindergarten exhibition! This year's themes —*Vroom Vroom Valley, Up, Up and Away, Stay on Track, and Life is BOATiful*—promise an exciting exploration of the fascinating world of transportation and its many connections.

Through this exhibition, we celebrate the marvels of land, air, and water transport while fostering an appreciation for their role in connecting people and contributing to sustainable development. Aligned with Sustainable Development Goal #11: Sustainable Cities and Communities, the exhibition showcases our students' innovative creations and their understanding of a more connected and sustainable future.

Guided by the Reggio Emilia approach, our young learners have embraced these themes with curiosity and creativity. Their explorations, inspired by situational provocations and hands-on experiences, have resulted in a vibrant and imaginative display of work that we are excited to share with you.

**The exhibition will be held during the following dates and timings:**
