

LEADERSHIP GEMSTONES

Dear Parents,

We are excited to introduce our **Leadership Gemstones** initiative, a program designed to cultivate essential leadership qualities in our students by embedding core values and character-building attributes. These gemstones represent a framework for nurturing values that inspire students to lead with integrity, compassion, and purpose.

More than just symbols, these gemstones empower our students to develop the skills necessary to create meaningful change and foster positive relationships within their school and communities. By aligning with these leadership values, students will embark on a journey of self-discovery, learning how to lead responsibly and make a difference in the world around them.

Each month, from January 2025 to December 2026, we will focus on a unique **Leadership Gemstone**, guiding students through activities, discussions, and real-world applications of the respective trait.

Throughout the year, students will engage in activities and projects aligned with these values, allowing them to embody and apply these principles in their daily lives. We encourage parents to support and reinforce these qualities at home, helping to shape well-rounded, future-ready leaders.

We look forward to working together to nurture a generation of young leaders who lead with **character, integrity, and purpose**. Thank you for your continued support in fostering these essential skills in our students.

Warm regards,

Asha Alexander أشا ألكسندر
